

New-look Spark Networks website!

December 11, 2018

Just over one year ago, in November 2017, the ink was drying on the deal which merged Affinitas GmbH and Spark Networks Inc, turning us into Spark Networks SE (NYSE American: LOV), a global company with offices in Germany and the US and with a portfolio of well-established and brand-new dating brands, catering to a variety of users in 29 countries.

Twelve months on, now that we've well and truly settled into our new identity, it seems fitting to launch our new website. We're proud to have a space which reflects who we – somewhere to show our passion for our brands, our commitment to our shareholders, and last but not least – the value we place in our employees.

The final trimmings are yet to come. We're soon to add a virtual office tour video and over the next months, we will be sharing insights into the day to day work of our departments and projects on a regular basis. For now, we'll celebrate the fact that we've made it this far. Welcome - take a look around!
